Inspired by the clarity of natural light, the Daylight Collection combines pure aesthetics with solid brass craftsmanship. Its seamless, screwless surface and sharp geometry create a clean and modern presence in any space.

More than a functional element, Daylight becomes a subtle architectural detail that enhances the atmosphere. With its balanced proportions and refined finish, it brings a sense of calm, brightness, and understated luxury to contemporary interiors.

DAWN

Conceived as a singular design language, never as isolated forms.

A quiet expression of refinement carried through every detail.
